

GOVERNMENT TO SEIZE COAL MINES

Where Operators Do Not Endeavor To Increase Production—Drastic Action

(By Associated Press)

Washington, Nov. 28—Bulletin—Seizure of bituminous coal mines where the owners do not show a disposition to go-operate in increasing production and use of troops to protect all miners who desire to work has been decided upon by the government in its efforts to end the bituminous coal strike, it was stated officially today. In the seized mines, the 14 per cent wage advance agreed upon by the cabinet will be put into immediate effect. These plans of the government were agreed on last Wednesday, by the cabinet to meet the situation resulting from refusal of the operators or miners or both, to agree to the government's wage increase.

Cabinet officers are of the opinion many mine owners will put into effect immediately the 14 per cent wage increase. Whether the mines of those refusing to do so will be seized was not made clear it was said there is no general plan for government control; that each individual case will be decided upon its merits.

The mines taken over by the government will be operated by Fuel Administration but details as to compensation to the mine owners were not disclosed. While various federal agencies are preparing to carry out the government's program, Fuel Administrator Garfield reaffirmed in even more emphatic terms his position that "profiteering on the part of either labor or capital will not be tolerated. The public cannot and will not be asked to bear an increased burden of higher coal prices nor of payment of a large sum to any special class of workers," he said.

JOHN A. BLACK HURT AT BARBOURVILLE

Mr. Alex Black, of this city, has been notified of the serious illness of his brother, Mr. John A. Black at Barbourville. At Frankfort Gov. Black, their brother, has announced that he will consider no more applications for pardons during the remainder of his term of office. The Governor made this decision because of the rush of official business and the critical illness of his brother. Governor Black was notified that his brother had been injured by a horse and as he is 80 years of age very little hope is entertained for his recovery.

AMERICAN GIRL WINS SEAT IN PARLIAMENT

(By Associated Press)

Plymouth England, Nov. 28—Lady Astor, the American-born wife of Viscount Astor was elected to Parliament from the Sutton division in the balloting November 15th. The result was announced after the count of ballots here today. The vote in round numbers stood: Lady Astor, 14,000; Gay, labor candidate, 9,000; Foot, liberal, 4,000.

The announcement of Lady Astor's election was greeted by cheers from a thousand people in front of Guild Hall. She will take her seat next Monday.

"Although I can't say the best man won, I can say the best policy won," said Lady Astor in statement.

MARY JANE WALKER DIES AT HOME HERE

Mary Jane Walker, aged 77 years, one of the best known colored women in Richmond, died at her home on Lancaster avenue early Friday morning. She had been in feeble health for some time, and the end was not unexpected. All of her children were with her when the end came. She had many friends among the white race. Her property on Lancaster avenue is one of the most desirable locations in the city. Children surviving her are all industrious and good citizens. They are John M. Walker, a farmer near Richmond, Jeff Walker, of Oklahoma, Jennie, a trained nurse of Chicago, and Annie and Belle Walker, of this city.

OIL PROMOTER SAYS HE HAS GOOD WELL

A. M. Sutton, Breathitt county, who has been here several times selling stock in the Northern Lee Oil & Gas Company, arrived in town Friday. He is much enthused over prospects of his company, which has completed its initial well on the Malon Gentry lease located on Sullivan creek in Lee county. The well was shot and is considered good for at least 75 barrels. There are 125 acres in this lease and the officials of this company are feeling very much encouraged over this well and will move to the second location on the same lease early next week. This company is composed of prominent business men from Lexington and Hazard. A. M. Sutton is president, C. W. Napier, of Hazard, vice president, W. M. Engle, of Hazard, secretary and treasurer. These gentlemen are on the board of directors of the company with John B. Eversole, of Jackson, D. Y. Wooten and French Evans, of Hazard, and Lee Kash, of Viper, Ky. Mr. Sutton said that the company would continue to drill on this lease until it had been drilled out, and that they were almost certain to continue to strike good wells as the lease is surrounded almost by production.

TO SEND SHIPLOAD OF MISSIONARIES

Baptists Have Extensive Plans For Work After Big Drive That Starts Sunday

For the past six months Southern Baptists have been planning for the culminating week which begins next Sunday. From November 30th to December 7th will be known as Victory Week. During these eight days three million white Baptists will be asked to contribute to the 75-Million Dollar Campaign.

The campaign has a great objective, namely, the sending of new missionaries to many parts of the world. Already the Foreign Missionary Board is planning to send a ship load of Missionaries to Japan and China next August. All available space on a trans-Pacific steamer has been chartered and over 100 missionaries will go at one time. This will be an event unprecedented in the history of missionary endeavor. Many new stations will be opened in various parts of the world, some in the war-torn portions of Europe. A commission is now studying conditions there.

Not only foreign missions will be benefited by the campaign, but likewise Home Missions, education, hospitals, orphanages, and aged ministers.

Plans have been made for the canvassing the members of the First Baptist church Sunday afternoon. All the members are requested to be present Sunday morning to hear the details of the campaign explained.

MT. TABOR BAPTISTS HAVE RAISED \$5,000

Paint Lick, Nov. 29.

The Mt. Tabor Baptist have raised \$5,000 for the \$75,000,000 campaign, this amount was subscribed by only 38 members. Their quota is \$10,000. Jas. Rucker was over from Lexington spent Saturday night and Sunday with his mother, Mrs. I. C. Rucker.

H. L. Wallace was a visitor in Lancaster Saturday to see the Fair and tobacco show.

Robt. Estridge, son of E. Estridge, has bought a stock of goods of Laban Kirk and they are now invoicing same.

U. Moyers is moving to Ohio, where he has bought a farm. Our public school gave last Friday as a holiday, and the teachers displayed some handiwork of the pupils at the Lancaster Fair.

Our football boys put it over the Lancaster team last Saturday. Some war of words were passed between teams and Prof. Hopkins displayed his temper in rooting for his team.

Miss Sadie Ralston is at home from Georgetown for a few days. The Baptists held Thanksgiving services Thursday at Mt. Tabor.

Miss Marie Ledford has returned from the Gibson Hospital and is improving rapidly.

Mr. and Mrs. Williams and son, Chas. of Madison, Ind., are guests of Mrs. I. C. Rucker and daughter, Miss Chastine Rucker.

Mr. and Mrs. John Bryant spent a few hours with Dr. B. B. Montgomery and wife Sunday afternoon.

ULTIMATUM MAY BE SENT MEXICO

(By Associated Press)

Washington, Nov. 28—Although further investigation of the facts will be made, the American government has no intention of receding from its position in the Jenkins case, the administration declared today. It is said the government is prepared for the "next step" which may take the form of an ultimatum to the Mexican government. It is indicated negotiations with Mexico will not be prolonged if unsatisfactory; that the American government has decided upon its course of action and is prepared to carry it out should it become necessary.

Mexico sent a note to the U. S. Thursday in which it refused to release U. S. Consul Agent Jenkins, who is confined in prison by the Mexican authorities at Puebla.

GOOD NEWS FOR LOCAL OIL INVESTORS

Was Striking of Gusher In Allen Field Close To Property They Own

A number of local investors are mighty well pleased over the strike of the gusher oil well in Allen county this week, for several here have some valuable holdings in a company which has property adjoining the Gardner farm where the gusher was struck. This well is estimated to be good for from 1,000 to 3,000 barrels a day. The well is regarded as the biggest strike made east of the Mississippi River and is said to be a close competitor to the gushers of Oklahoma and Texas. As soon as the oil was struck it began flowing in such volumes that the entire country surrounding the well was submerged. Basins were hurriedly constructed to catch the oil, and in addition to these being filled there are several lakes of oil on the farm, according to latest reports.

Approximately \$2,000,000 more than was anticipated was put into the pockets of Kentucky oil operators when the price of Kentucky crude oil, known as "Somerset" was advanced 15 cents to \$2.85 a barrel, the highest price in history of the industry. Oil men throughout the state are highly elated over the advance, not only because it represents the biggest increase in years at a single time, but because they have good reason to expect \$3.00 for Kentucky's crude oil in January. The higher oil price means another thang to Kentucky oil men. At present, a 10-barrel well is considered a commercial producer, but with oil selling at \$3 a barrel, it would pay the producer to pump a 3 to 5-barrel well. This is especially encouraging in view of the fact that so many Kentucky properties produce only small wells.

Some idea of the activity now going on in the Kentucky oil fields may be gathered from the statement the approximately 900 rigs are in operation in the state and that fifty counties are centers of active development. In fourteen of these counties commercial pools have been developed.

October and part of November have been bad for the farmers. The rainfall has been so heavy. After the first few days of the month the land was not fit to work. Only about half the wheat crop was sown before the rain. No doubt a smaller acreage will be sown than for years past. There will be a good deal sown in November. Seeding in November is risky. Corn in the shock is badly damaged, and the fodder blackened as to be almost worthless. The one redeeming feature is the pastures never have been better. This will help the pastures and meadows next year. The man with a silo is the lucky man. He is the one that will come near getting full value of the damaged corn.

J. LEWIS FRANCIS GOES TO REWARD

Was Member Of Pioneer Family Of Kentucky And Madison And Esteemed By All

J. Lewis Francis, a native and life-long resident of Madison county, died at the Pattie A. Clay Infirmary, Thanksgiving morning, Nov. 27 in the 68th year of his age. On Monday before, he was on the streets of Richmond and had a severe hemorrhage of the lungs, and he was moved to the infirmary and the fatal morning he survived only a few months after another hemorrhage.

Mr. Francis was a good citizen, had numerous relatives and many friends. Something like a year ago, he was taken violently sick and was carried to the same infirmary for treatment and recovered sufficiently to be up and about but not at all strong, and it seemed there was no other alternative, as he was unable to attend to affairs, than for him to dispose of his stock, farming implements, etc., and he had a public sale and renting and moved to town on North street, where he and his family resided until the end of his earthly career. He had owned the farm for more than 50 years and his father before him had owned it for many, many years. He loved his wife and children, and was very much attached to his country home, and it was a cross for him to leave it.

His ancestors on both sides, the paternal and maternal side, were pioneers, who helped to settle Kentucky and Madison county and many will grieve to know that he passed away, leaving his wife, who is very infirm and two children, a daughter, Mrs. Dorcas A. Thorpe, wife of Robt. Thorpe, a son Arch K. Francis, and a little baby granddaughter, three months old, Elizabeth Francis.

FAT STOCK SHOW ON AT CHICAGO

(By Associated Press)

Chicago, Nov. 28—Two world famous experts in cattle, living in foreign lands, will act as judges at the International Live Stock Exposition which opens here tomorrow. The exhibition will close Dec. 6.

William J. Grant, of Laboulaye Cordoba, Argentine, South America, will judge the breeding and fat Aberdeen-Angus classes. Argentine is a great cattle rearing country, and during the world war aided materially in furnishing meat to the fighters.

Mr. Grant has a Scotch name and that fact that the Aberdeen-Angus cattle came originally from that country makes his selection as a judge all the more timely. Last winter an Angus, Fyvie Knight, entered by Purdue University, captured the Grand Championship of the exposition.

The Herefords will be judged by William Smith of the Leon, Pembroke, England. Great herds of Herefords graze in that section of the isle, and Mr. Smith is rated as one of the leading experts of the world when it comes to that class of cattle.

John R. Thompson, of Chicago, whose entries captured the bulk of ribbons at the 1917 horse show and figured prominently last season, will have plenty of real competition this year. Notable among the entrants are William Dupont, Wilmington, Del., J. Cox Brady, of Gladstone, N. J. and the famous Fox Catcher Farms of Rosemont, Pa.

Scores of noted horses have been nominated by western owners who include John L. Busk-nell of Springfield, O.; Wm. E. Dee, Chicago; J. K. Derring, Lake Villa, Ill.; E. J. and O. W. Lehman, Chicago; W. T. Matlack, Winchester, and the Wood-ten Farms, Lake Forest.

During the day there will be judging of draft horses and ponies, both Shetland and Welsh. A gigantic parade of prize winning draft horses and cattle, will be one of the features at the horse show each night.

Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself past 80 years of age and still active in his profession. It can be bought at any drug store for 50c and \$1 a bottle, the latter containing enough to last

even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

STUDY OF HIGHWAY TRANSPORTATION

And Motor Truck Engineering Urged As Important Work For State Universities

Motor truck salesmen of the future must have a knowledge of highway transportation and engineering; motor truck sales for highway and farm transportation will soon overshadow the sales of trucks for use in cities; it is the duty of the automotive industry to help establish departments of highways transport engineering in the large state universities of America. These are the salient points of a conference called in Detroit recently by the highway engineers and officials of the B. F. Goodrich Rubber Company, which was attended by sales managers of prominent truck and passenger car makers.

Largely through the efforts of this conference, concerted effort of the entire motor truck industry along educational lines will be inaugurated when one or more members of the sales staff of many truck manufacturers will attend a special class in highway engineering and transport to be conducted at the University of Michigan, Ann Arbor, during the week of February 2-9, which directly follows the Chicago Truck Show.

Another accomplishment of the Goodrich highway conference was to lay before the National Association of Motor truck sales managers the suggestion that it appoint a committee to be placed at the disposal of the universities of the various states to aid them in handling the problem of highway transportation in the best interests of the people in those states. The suggestion was adopted. This committee will endeavor to establish definite courses of highway engineering in all of the big state universities.

SOME SLEEPER

In the town of Carrollton, Missouri, there is a newspaper that is called "The Democrat", and in this interest in country newspaper the following interest item recently appeared:

Of all the sound sleepers we ever heard of young Mr. Moan, who lived on the Wilcox farm, is the winner. Driving home from a call on a friend Sunday night, he went to sleep. Just as his horse stepped on the Wabash tracks the fast 11 o'clock train swooped down on him, killing the horse instantly and wrecking shafts and harness. The news spread rapidly, and when an anxious crowd gathered they found Moan was still sleeping serenely, and they had to awaken him. When he was finally aroused he was much surprised when he heard what had happened.

A perusal of this incident will cause considerable speculation as to the cause of this deep slumber. The most plausible explanation would be that the gentleman had been drinking deep before the shrine of Bacchus. But the news story tells us that he had been calling upon a friend. We do not know. In any event, he is a worthy compeer of Rip Van Winkle, or of those Seven Sleepers, of whom Mark Twain tells us in his "Innocents Abroad".—Louisville Post.

FRIENDS SUGGEST SHANKS FOR CONGRESS

Hon. William H. Shanks, of Stanford, who was over this week for the Golden Wedding celebration of Mr. and Mrs. T. E. Baldwin, parents of Mrs. Shanks, is being suggested as a candidate for the democratic nomination for Congress in the Eighth district next year. Mr. Shanks was on democratic state ticket, just defeated at the polls, but it is no secret that if the personnel of the entire ticket had measured up to him, there might have been a different tale, at least in the size of the republican majority, anyway.

This was his first race for other than a county office. He represented Lincoln in the state legislature three terms, and made a splendid record. He made a fine impression wherever he appeared in his canvass for the Lieutenant-Governorship, and made a wide acquaintance over the district which would stand him in mighty good stead in a race against Congressman King Swope next year. The democrats of the 8th are going to have to put their strongest foot forward to defeat the young man who took Judge Hardin's political scalp so easily. It will take a fine campaigner and plenty of money—for Boss Hert is reported to have said that he would open his bar again to re-elect Swope. Friends of Mr. Shanks say that he would prove a strong candidate in every way and would prove a splendid Congressman if nominated and elected. So far, County Attorney Frank Rippey, of Anderson county, Attorney E. B. Hoover, of Jessamine county, Judge Ralph Gilbert, of Shelby county, and County Attorney Gordon Montgomery, of Adair county, are the only ones whose names have been "prominently mentioned" as aspirants for the democratic nomination next year. There may be a good-natured scramble for the nomination, but it will have to be "good natured" if the democrats hope to retire young Swope.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . I can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

Danville has gone football crazy. Centre's great team wound up the season Thanksgiving day by beating Georgetown College 76 to 7. The sporting editor of the Boston Post, accompanied by Eddie Mahan, who was one of Harvard's great gridiron stars, visited Danville the other day to look over this Kentucky eleven that has all the big Easterners sitting up and taking notice. The Chamber of Commerce gave them a banquet, and everybody laughed and cried and had the time of their young lives. Everyone from Dr. Ganfield, president, of the College, on UP to Coach Moran, of the football team, made speeches. It was a great occasion and Little Britain has a

A Kentucky Woman's Experience

Paducah, Ky.:—"It is a pleasure to me to recommend a medicine that has done me so much good as Dr. Pierce's Favorite Prescription. I have taken it as a tonic during expectancy. I have been such an enthusiast over 'Favorite Prescription' and the benefit I have received from it that I have not only recommended it to my friends but to my own daughters as well and I have never known of a case where it has failed in giving the results desired."

A Nervous Wreck

Louisville, Ky.:—"I was certainly a miserable wreck before I took Dr. Pierce's medicines. I was nervous, my back ached all the time and I had intense pains. When I refused to submit to an operation my doctor told me about Dr. Pierce's Favorite Prescription and Lotion Tablets and altho I had very little faith in any medicine and thought I was going to die, I got these medicines at the drug store. My recovery was so rapid and complete that it surprised the doctor; even he thought it would be just temporary relief, but I am thankful to say that it is apparently a permanent cure. I have had two children since, both of them 'Favorite Prescription' babies, for I took this splendid tonic all the while. My health was fine and I had practically no suffering. I cannot praise these remedies too highly. I only hope my statement will be the means of many other women being restored to perfect health by using Dr. Pierce's Favorite Prescription and his 'Lotion Tablets'."

right to be proud of her college athletes. The football boys have done more to put Danville on the map this fall than anything else in a score of years. It's a good thing, we guess, that the season is now over, for the little city over in Boyle has such a case of footballitis that of this thing went on much longer, they might abandon everything in the curriculum of the splendid old institution, and go to teaching football exclusively.

The Courier-Journal has inaugurated a very interesting feature by dispatching Claud W. Perry, one of its fairest and best reporters, over the state, to "write up" various counties in a column or so each day. He has been "doing" western Kentucky chiefly, and unless he is sent up this way, too, we're going to be disappointed. He wrote yesterday from Mayfield, which he found is the greatest tobacco producing county in the state. Its growers will send 30,000,000 pounds over the breaks this season, and expect to get \$5,000,000 for their weed.

The Danville Advocate has raised its subscription to \$4 a year, and still the price of paper goes up. It's gotten so bad that it's no longer a question of prices but of whether a newspaper can find the paper to buy whatever the paper mills wish to charge for it.

Proves Yellow Mustard Conquers Pain and Frees the World of Much Sickness, Misery and Distress

Nineteen years ago chemist Begy discovered Mustarine. He made it with real, honest yellow mustard. To which other pain relieving ingredients were added. He said to the medical profession: "Here is something twice as effective as your old fashioned musky, blistering mustard plaster." "It's full of concentrated heat and heat eases pain." "It won't blister—it can't blister." "And one box will do the work of 50 mustard plasters." The doctors tried it—were astonished—almost amazed. It stopped pains, aches and soreness quicker than anything they had ever seen. They prescribed it for sprains and strains, for lumbago and gout. They found it invaluable to quickly reduce inflammation and remove congestion. They urged its use in Tonsillitis, Bronchitis, Pleurisy, Sore Throat and Chest Colds and found it wonderful. They grew enthusiastic—Mustarine was great. They tried it for rheumatism, to limber up stiff joints and muscles and it didn't disappoint. If you haven't tried Begy's Mustarine get a small box at your druggist today—it costs but little, the results are marvelous—but be sure it's Begy's—the quickest pain killer on earth—always in the yellow box, 30 and 60 cents.

TORPEDOED!

Don't blast your Liver and Bowels, but take "Cascarets."

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach and colds.

Are you keeping your liver and bowels clean with Cascarets, or shocking your insides every few days with Calomel, Salts, Oil and violent pills?

Cascarets work while you sleep; they cleanse the stomach, remove the sour, undigested fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels. Cascarets never gripe, sicken or cause inconvenience and Cascarets cost so little too.

SOCIAL AND PERSONAL

Cecilian Club

The Cecilian Club has never been more graciously entertained than on Wednesday when it met with Miss Brown E. Telford in Campus avenue. A large number of its membership was present with the President, Mrs. T. D. Chenault in the chair and Miss Telford leading the programme. After the roll call with responses of unusual interest, the afternoon of music was introduced with a four hand number from Lohengrin, played by Mrs. Harvey Chenault and Mrs. Robert Burnam. This was followed by a tender affectionate Slumber Song also by Wagner, contributed by Mrs. T. D. Chenault Mrs. Kellogg read a paper on the Effects of the War upon music, giving in a very impressive and attractive way her own idea on the subject with a few apt quotations from other writers. The writer stressed the fact that aside from its value as an accomplishment and entertainment, it is more than ever before an intense spiritual force. The club greatly appreciated the fine contribution of Miss Rachel Telford, who played Witches Dance, a most difficult McDowell number with admirable skill and tasteful interpretation, remarkable in one so young in

years and study. At this point Mrs. Middleton and Mrs. Pickels were called upon for their reports from the Akron Conference held at the home of the President, Mrs. Frank A. Seiberling from Oct. 24 to Nov. Mrs. McGaughey played the ever beautiful selection including both the Pilgrims' Chorus and the inspiring Tanhauser March, from that Opera. "Traume" was the vocal selection of Mrs. Paul Burnam from Tristan and Isolde in which Wagner is said to have departed from the conventional in opera. With the hostess at the piano, Miss Laura Bright sang "Elsa's Dream" from Lohengrin, one of the most difficult as well as a beautiful favorite so well suited to her tonal register. A 4-hand number "The Spinning Song" from the Flying Dutchman, played by Miss Pickels and Mrs. Pickels closed the musical session. The Club expressed its appreciation and indebtedness to Miss Anna Chandler Goff for the beautiful series she is bringing to Lexington again this winter, and many expressed their intention of attending the Concert Wednesday evening, Dec. 3. The guests present included: Mrs. Maria Lynn, Mrs. Edgar Turley, Mrs. E. T. Burnam, Mrs. Chas. Keith, Mrs. Joe Prewitt Chenault, Mrs. J. G. Bosley, Miss Merritt Jones, and Miss Maud Reid.

MUST A CHILD BE PALE?

Pallor, "Tired-outness" And Poor Appetite Almost Always Remedied By Pepto-Mangan

It Builds Up The Blood And Thus Improves The Appetite And Strengthens The Body

There is but one legitimate excuse for a pale, run-down, listless child, and that is some serious disease of one or more of the vital organs, which, of course, needs the prompt attention of a competent physician. Unless such condition exists, the weak, white youngster who takes no pleasure in romping or playing can be very materially helped by a course of that thoroughly dependable blood enricher and general tonic, Gude's Pepto-Mangan. This standard remedy for Anemia (Bloodlessness) has been continuously prescribed by physicians all over the world for nearly thirty years, to restore the weakened, watery blood to its normal condition, and thus improve appetite, and color to pale lips and cheeks and impart strength to the whole body. Gude's Pepto-Mangan can be had in both liquid and tablet form (no difference in its effect), the liquid, of course, being preferable for young children. When buying Pepto-Mangan, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

TELLS SECRET OF HIS PRESENT SOUND HEALTH

Cheaney, 84, Thanks Trutona For Splendid Physical Condition Despite Age

Henderson, Ky., Nov. 29.—A striking picture of health though nearly five years past the fourscore mark, L. M. Cheaney, 84 years old, residing on rural route No. 1 Robard, Ky., near here, is among the thousands of Kentuckians who are gratefully praising Trutona, the perfect tonic.

"For the past forty years I have suffered from a catarrhal affection of the stomach," Mr. Cheaney said. "I was continually bothered with constipation. Pains in my neck and back would often become so severe at night that I'd have to get up and apply hot cloths to relieve them."

"I cannot say too much for Trutona because of the relief I've gained from those nerve-wrecking pains. My bowels have never been in better condition than at present, either. I sleep better at night, too, than I have for some time. Trutona has helped me in more ways than one and I believe it will relieve anyone suffering as I did."

Miss Lillian Smith, who is teaching at Harlan and Miss Gladys Smith of Transylvania, Lexington were with their parents, Prof. and Mrs. G. D. Smith for Thanksgiving holiday.

Mrs. Luella Holman, of Oklahoma, Mrs. J. D. Willis, Mrs. James Chadwick, and Mrs. J. B. Willis composed a pleasant auto party who spent Tuesday with Miss Mollie Fife on Lancaster avenue.

Among those from Richmond, who attended the ball game in Lexington Thursday were: Miss Elizabeth Turley and house guest, Miss Thersa Farr, of Mississippi, Misses Zelia Rice, Louise Deatherage, Messrs. Elmer Deatherage, Harry D. Rice, Spears Turley, William and Lucien Burnam, R. C. H. Covington and son, Coleman and Neale Bennett, Jr.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is In The Blood. Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrhs and other blood disorders with S. S. S. during warm weather, and thus free the system from all impurities.

It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the very root of the trouble and eliminates it. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. CLEVER HOG FEEDERS

Cut Out Traders' Profits By Shipping To Market Direct

Farmers and hog feeders in the Science Hill section of Pulaski county, did some clever combining the other day and cut out the middlemen's profits on stock buying. The Somerset Journal tells how they did it as follows:

Last Monday the McKinney Farmers Club made up a car load of hogs and shipped to Cincinnati. The hogs were loaded at Science Hill. Each farmer's hogs were clipped as they were unloaded in the pens at Science Hill so that there would be no mixing up when the hogs landed in Cincinnati. These hogs belong to eight different farmers and each farmer had his hogs marked different from the others. There were 94 hogs in the car and the average was 185 pounds per hog. The car left Science Hill some time Monday afternoon and did not arrive at stock yards Cincinnati until one o'clock Tuesday which necessitated the hogs to be held over until Wednesday to be sold. The long time on the road caused the hogs to shrink more than otherwise. Some of the hogs drifted as much as 13 pounds per head while others drifted very little. The hogs sold for \$14.75 per hundred. The car of hogs brought \$32 more than the dealers offered at the station. Two of the farmers, however, got less for their hogs in Cincinnati than the dealers offered them at the station. This was due to the heavy shrinkage on these two bunches of hogs.

The live stock commission men in Cincinnati say that if farmers will carefully mark their hogs so that each party's hogs can be identified easily that there is no need of sending a man along with the load of hogs. It is the business of the commission men to see to it that each member of the club in the shipment gets exactly what his hogs brings.

HORNS TO DECORATE NEW SALOON IN CUBA

(By Associated Press)
San Antonio, Tex., Nov. 24.—A collection of horns that for many years preceding the prohibition era decorated the walls of a prominent San Antonio saloon has been packed in preparation for shipment to Cuba, where they are again to be displayed on the walls of a saloon. The collection is valued at \$90,000. The display included the head and horns of a Kadu (African antelope), which were presented to W. H. Keilman, owner of the collection, by the late Colonel Roosevelt, after his African hunt.

DAYS OF DIZZINESS

Comes To Hundreds of Richmond People

There are days of dizziness; Spells of headache; languor, backache; Sometimes rheumatic pains; Often urinary disorder.

Doan's Kidney Pills are especially for kidney ills. Indorsed in Richmond by grateful friends and neighbors.

Mrs. Andy Metz, 411 Laurel St., Richmond, says: "I had a miserable pain in my back and left dull and languid. I had puffy sacs under my eyes and my ankles and feet were swollen and stiff. I had dizzy and nervous headaches and would almost fall over. My kidneys were weak also. I read of Doan's Kidney Pills and procured some from Perry's Drug Store. They did me all the good in the world—putting my kidneys in good order and ridding me of backache, headaches, and dizziness and I felt better in every way."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Metz had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

1/3 Less Coal- 1/2 More Heat

You can save from a third to a half of your fuel and have a much warmer home than ever before if you will install a CALORIC.

The CALORIC is the remarkable furnace that heats without pipes, through only one register. It circulates heat by Nature's own method, forcing warm air up into the entire house and drawing cool air down into the furnace to be reheated and purified.

CALORIC
FURNACE
The Original Patented Pipeless Furnace

The CALORIC heats practically all types of homes, bungalow or three-story house, up to eighteen rooms. It keeps kitchens and back bedrooms just as comfortable and warm as the rest of the house. Also heats churches, factories, stores and other business buildings. More than 50,000 already installed.

The CALORIC can be installed in new or old houses—no cutting of walls for pipes and no interference with present system of heating. It burns coal, coke, gas, wood or lignite, and saves from one-third to one-half the fuel.

There's No Corn "Geta-It" Will Not "Get." "Geta-It" is because of this fact that "Geta-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-fiddling." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Geta-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-dissectors, scalars, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Geta-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by Lawrence & Co., Chicago, Ill.

English object to Incomprehensibility Of Our Novels

(By Associated Press)

London, Nov. 20.—The defect of incomprehensibility is the main flaw found in American novels by "M. A. B." (Mainly About Books), a monthly periodical, in pointing out reasons for "the comparatively small importation" into England of the American literary efforts.

After quoting extensively from a tobacco advertisement which from the pages of a noted American monthly magazine, in which references are made to "jamming a joyous Jimmy pipe chock full and blazing away" which, it is promised, will "put the quiz into your think tank as to how much pipe or cigarette-rolling fun you've gone shy on," the English magazine says:

"Effective as the above doubtless is for the purpose of trans-Atlantic advertising, it is possible that vernacular largely corresponding to this, distributed over some hundreds of pages in works of American fiction accounts for the comparatively small intrinsically admirable. Only, for importation of American novels. Often, we do not doubt, they are us, they have the defect of incomprehensibility."

KENTUCKY'S FINE RECORD

How well Kentuckians did their part in the war and measured up to requirements of their country's service is shown by figures compiled by the Surgeon General and Provost Marshal General's department. Of 765,045 men between the ages of 18 and 45 registered in Kentucky under provisions of the selective service act, 606,700 of those examined were found physically fit for full or limited military service.

Approximately 24,000,000 men were registered for the draft, and about 8,600,000 were examined either by draft board physicians or camp surgeons.

Of this number almost 79 per cent were accepted. The percentage of those accepted in Kentucky is 79.3.

Assuming that the same percentages would have held if all registrants had been examined, the United States could have raised an army of 19,000,000 men physically fit, between ages of 18 and 45.

BLUE LICK SCHOOL NEWS

Mrs. English, of Berea, visited our school recently and gave a very interesting talk in behalf of Junior Red Cross work. Miss Corwin and a friend made a short call on our school and gave the children some good literature to read consisting of magazines, Sunday school papers, etc. We will be glad to have them call again.

Miss Childs made her weekly visit to the school and told some very interesting stories to the children and made demonstrations with toy animals. The children enjoyed her visits very much.

Mrs. M. A. Moody, who has been supplying for Mrs. Strunk as teacher for three weeks has stopped teaching and has resumed her household duties.

The young people of this section gave Mr. M. M. Maupin a surprise by "storming him" Friday night. After tuning up the "fiddle and rousing the bow", the young folks danced to their heart's delight, until the wee small hours of morning. Call again young folks.

Prof. Harris, of Richmond, and Prof. Norman Frost, of Berea, visited our school Friday. Prof. Frost had the children to take a test, which we hope will prove beneficial to the children. But we didn't quite understand Prof. Harris' visit. He asked the teacher a lot of questions and took down a lot of notes and did quite a bit of writing. But we were as quiet as mice while he was there and we decided before he left that he meant no harm by his stay, for he asked all of us children to come and see him, but for all not to come at the same time.

We hope Supt. Edwards will soon visit our school for we like to have visitors.

Mr. Sam Hollinsworth, of Blue Lick, moved to Berea recently. We neighbor. But we gladly welcome are sorry to give up such good Mr. Powell who has bought Mr. Hollinsworth's farm.

Mr. Stephen Barrett who has been in the Robinson Hospital at Berea is back at home and is improving slowly.

Mr. Calvin Hendricks went to Richmond Saturday on business.

Allie and "B". Carter made a fly-in trip through Blue Lick Saturday afternoon in their new car.

Miss Douglas, of Berea College, called on Miss Minerva Hendricks Thursday afternoon.

The Sunday School at Blue Lick is progressing nicely.

Mr. C. B. Lewis is on the sick list, we hope he will soon recover.

Everybody is very busy gathering corn and stripping tobacco.

Jack frost has been seen in our midst for several mornings, the last week.

Prof. J. B. Harris, County Superintendent of Rural schools is making his second rounds visiting the county schools. He is accompanied by Prof. N. Frost, of Peabody Institute, who is making a test of the standing in arithmetic, reading and language in all the grades from the third to the eighth, including a high school test. They are receiving a hearty welcome by both teachers and pupils.

The results this far have shown the weak points in the Madison schools, the facts about which Prof. Harris will report later on when the test is finished. The attendance during the present term has been unusually large, but the work has been greatly handicapped by reason of publishers failing to furnish books.

**The Great Lexington
TOBACCOMARKET
OPENS
December 2nd**

ON THAT MORNING ALL EYES WILL CENTER ON LEXINGTON AND REPRESENTATIVES OF EVERY FOREIGN AND DOMESTIC MANUFACTURING CONCERN WILL GATHER HERE TO BID ON THE FAMOUS PRODUCT OF THIS LIMESTONE REGION.

Lexington is the Leading Burley Tobacco Market of the world. Why? It is the very hub of Kentucky's Burley growing district. Fine roads stretch in every direction to the surrounding counties and its railroad and shipping facilities are as good as those of any city of its size in the country. There are seventeen large modern sales warehouses with floor space and facilities to take care of five millions of pounds of tobacco at one time. Twelve re-drying machines are running day and night to put in sweet keeping order 1,000,000 pounds per day. There are modern storage facilities here for more than 100,000,000 of pounds and the buyers and manufacturers provide eight immense receiving plants to take care of the purchases of three separate sets of buyers going continuously.

But most important of all, here gather each winter buyers and brokers for every concern in this country and abroad, who seek Burley Tobacco for manufacturing purposes. Last winter Lexington boasted of fifty five buyers on her market at one time.

For the season of 1918-19, the Lexington market sold for the Bluegrass, Beargrass, the Pennyrite and the mountains, 55,826,300 pounds for \$21,433,210.30 or an average of \$38.20.

The Fayette Tobacco Warehouse Company is one of the pioneer organizations of this market. It was formed for the sole purpose of providing as clean, straightforward and as efficient a place for sale of Burley Tobacco as money and experience could devise. It does not speculate on tobacco but it has formed the habit of getting outside prices for its customers.

Did you know that the Fayette has had the distinction of leading this market and all Kentucky markets three out of the last four years? Did you know that last season the Fayette by official records led the Lexington market and every other market in the Burley Belt with the sensational average of \$42.10 for the 8,625,255 pounds sold over its floors?

The World is demanding more Burley all the time; production is not keeping pace with consumption, so that our chief industry commands a strong position. All other indications, such as the very high markets in the Carolinas and Virginia, point to a very high market here, and we believe we shall have it from the fall of the flag.
